NO. 47

## Lost Boy.

Jesse Masters, the sixteen year old boy of John W. Masters, of Madison county left home about three weeks ago to go coon hunting one night taking with him his faithful dog. Young Masters did not return home nor did the dog for two days. Search was instituted but he has not yet been found. His mother was Miss Laura Masters, of Estill county, well known to many of our readers.

## Pays to Advertise.

A few weeks ago we said in this column that our feelings were so kindly toward a man who spoke well of Clay City that he could borrow our last dollar. Since then so many people have worked us that this morning we had to stand the grocer off. However, one thing has been demonstrated to our satisfaction: "It pays to advertise."

## New Advertiser.

Henry Waldron has opened a new stock of general merchandise in his store building on Sixth avenue formerly occupied by Mrs. W. N. Bush Milliner. He has an announcement in our advertising columns on the third page. Give him a call and we are sure he can please you.

At Richmond Tuesday Oscar Orsborne, in a family quarrel shot and mortally wounded himself and wife. Robt. Hendrick, a close friend of Orsborne, upon learning of the tragedy, stabbed himself in an attempt to take his life.

Our line of Millinery is strictly up to date and our prices are right. We invite you to call and see it.

Hardwick & Co.,  
Stanton.

The mills, the bank, and post-office are closed today in observance of Thanksgiving.

## Good Roads Win at Last.

The Stat Election Commissioners have completed the tabulation of the vote in the recent election. As a surprise the count of the vote on the constitutional amendment showed the measure had won by over 5,000 votes instead of losing as first thought. Several counties failed to report any vote on the amendment at all.

## The Newest Toy.

It is said that a main feature of the coming holiday goods this time will be the Esquimo doll—relegating the Teddy bear and such like. This in view of the recent alleged important article discovery. To be complete, it ought on pressing a button or pulling a string render the ditty "Somebody lied."

Call and inspect our line of fall and winter "Queen Ruality" shoes for women in patent leather, gun metal, vici kids and tans.

Hardwick & Co.,  
Stanton, Ky.

John McPherson, of near Winchester, has bought property in the western portion of the city from Mrs. Betsey Maxwell, and will move to same this week.

Mrs. James Gilbert, of Hardwick's Creek, was tried before Judge Derickson at Stanton Monday and adjudged a lunatic and sent to the asylum.

Elder A. Easter went to Fred Monday to visit his daughter, Mrs. John W. Walters, and to attend to some other important matters.

Today is Thanksgiving day. We trust all our readers are observing the day seriously as all should observe it.

Ladies, Don't fail to see our new line of Tailored Suits.  
Mrs. J. W. Williams.

## Live Stock.

The Kentucky crop report in speaking of live stock last week in conclusion says: "Horses are holding up well in numbers and are selling at a very good price, the average being \$101.00 for the State; mules are scarce and are selling for an average price of \$130.00 and are hard to buy at all. Cattle not as plentiful as they were last year and are selling from 3½c to 5½c, the average for the state being 4c; sheep are increasing in numbers owing to scab being among them and the State being under Federal quarantine—the average price for the State is 4c; hogs are scarce and are selling high, prices ranging from 6c to 7c. There is little or no disease among them, taking the State as a whole, but in a few localities we have heard of cholera. The general condition of live stock for the State is 04."

## Unfavorable Report.

The annual report of Gen. Marshall, chief of Engineers, doesn't give a very flattering outlook for Kentucky river improvement. The report says:

"It is believed that the project has so far had no material effect on freight rates. Nor is there likely to be any decided changes in the volume or character of commerce connected with the river, where it is hoped that our lands may be developed. The principal commerce of the river, Gen. Marshall says, is loose logs, and this improvement is detrimental to this rather than otherwise, as the logs are damaged in passing the dam, and in return cause much damages to the works."

## Looking for the Census Taker.

His face all aglow with "that bright smile that won't come off," A. T. Whitt came down town at an unusually early hour Sunday morning. He was vigilantly looking for the census taker, stating that Clay City's population had been increased and he was anxious that it show immediately upon the census report. It is a most promising ten and one-half pound boy. The attending physician says mother and babe are doing well and now gives the encouraging report, that with proper care Daddy Whitt will speedily recover from his "son-stroke."

See our fall and winter line of "Walk Over" shoes for men. We have them in all the up-to-date styles.  
Hardwick & Co.,  
Stanton.

No services were held at the Christian church Monday night on account of the rain. The meeting began Tuesday night with a fair attendance. Elder Z. Ball who is holding the meeting is an earnest preacher and very interesting to all.

James Easter, of near Irvine, and Mrs. Butler Benton, of Miller's Creek, are at the bedside of their mother, Mrs. Ailey Easter, who remains at a very low stage.

## Receiver for Burley Society.

Judge Benton has appointed Lee S. Baldwin and Rufus Lisle receiver for the Burley Society at Winchester Tuesday. His decision says the Society has no right to use money of one pool to exploit another. Suit was brought on the ground that \$340,000 belonging to 1906 and 1907 pools was used to support the 1909 pool. The case will be appealed.

Mr. and Mrs. Lennie Crow, of Hays, came down from Jackson Tuesday to spend a few days with relatives on Hardwick's creek.

Sam Carr has bought the business property now occupied by J. O. Allen & Co. and will get possession about the first of the year.

J. B. Eaton was called to Cincinnati Monday on account of the serious illness of his uncle, Will Eaton.

If in need of corduroy pants, high and regular top shoes, hunting coats, caps or gloves, let us show you what we have and get our prices for we will save you money.

## Notice to Taxpayers.

My term of office expires January 1, 1910. I am held responsible to the County and State for all tax that can be collected. This means I must collect your tax, so all who have not paid by December 1st, the heavy penalties will be imposed by law and I will proceed to levy and sell and I collect the tax of the county. The law is imperative and I must be paid at once and save me the trouble and you the heavy expense of paying either the penalty or the cost of sale.

## Bro. Perry's Exasperation.

The Sun-Sentinel wasted over a column of its valuable space on the front page last week trying to show why the Democratic majority had grown so rapidly in Clark county in recent years—since that paper had existed, in answer to an article that appeared in the Times two weeks ago. It speaks of perverting the truth. This makes us laugh. The Times was well acquainted with the founder of the Sentinel. When he quit the paper it seems to us the Sentinel gave him a most enviable reputation, and it further strikes us now that it said the relation between the retiring and present publishers was most agreeable and commended him to all other honest people. We all know something about what the Sun-Sentinel later said about the publisher's first partner in journalism, when recounting early newspaper experiences.

What made the business relations between these men so pleasant? Surely it was not his partner's scoundrelism and rascality later referred to.

The article also asks how about the result of Hardwick's victory in this county. The people here know about that. The work was all done in the Stanton precinct, and the election has been contested on account of alleged frauds in that precinct. If the editor of the Sun-Sentinel will attend this trial he can possibly learn something.

## The Herald's Man.

While the newspapers throughout the State are calling on their favorites to "sacrifice" their personal interests for this office and that, from governor on down, we wish to call attention to a man who can trim up "Promisory" John Langley to the taste of the most fastidious and exacting Democrat in the land. Our man is middle aged; full of life, vigor and activity; superb personality;

a lawyer whose ability is recognized throughout the State; an orator of the Clay and Breckenridge school; of honorable mien and strict integrity; a man whom we can trust, and against whose private and public life naught can be said. We refer to John M. Stevenson, of the good county of Clark.—Estill Herald.

Good! the Constitutional amendment passed. The only surprising thing about this is that the 10th Congressional went for it. We are going to get turnpikes any way John Langley promised them to us. He is going to get the government to build them for us, so you see we didn't need the amendment.

"The pen may be mightier than the sword, but the tongue makes both of them look like feather ticklers."

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Johnson a Country Editor.

Since the death of William McKinley many public men have passed, and the end of none was so sad, so deep with sorrow in the hearts of the nation as that of Governor John A. Johnson, of Minnesota. His work was uncompleted. He was not old. He was a newspaper man, not only a writer for newspapers but a country editor, an expert in every department of the country newspaper. Many who live in cities, who know universities of learning, have marveled that a poor boy, reared in a little country town, a country editor without a university degree, should have such splendid equipment of talent for the administration of great affairs. He knew the power of the country press, declares the Editor and Publisher. He believed the country press would grow and continue to be the backbone of the newspaper profession. John A. Johnson, country editor, will not be forgotten.

### Kills Her Foe of 20 Years.

I am 70 years old and am overjoyed to get my health and strength back again." For Indigestion, Loss of Appetite, Kidney Trouble, Lame Back, Female Complaints, its unequalled. We like to work and we like to see others work, but we just arise to remark that when we get to be worth as much money as some we know and are as old too, work with us will cease. We could never discover why some men worth from forty to one hundred thousand dollars should continue to toil from early until late and in all kinds of weather. We like to see a man provide something for their family after they are gone, but the average boy is better off if not left too much property. You who have labored your three score years should stop work, and enjoy life the few short years you have left to remain with us.

We have a full line of mens and boys hats in all of the new shapes and colors. You should see them. Hardwick & Co., Stanton, Ky.

Many a man who is "down on his luck" might easily reach prosperity by putting "p" before his luck when he spells it.

## We Want The Orphans.

The Highland Orphan Home at Clay City is ready for the orphan girls in the mountains. It is a large three story brick house, beautifully situated at Clay City. It is owned by the Society of Soul Winners, and supported by good people everywhere. Orphan girls between the ages of five and thirteen, will be received, if eligible. We hope to take the boys later. Before they are sent, we want to know the name, age, health, character, etc., etc. Only those who have neither father or mother will be received at present. We request all those who have any such children to write to Dr. Edward O. Guerrant, Wilmore, Ky. Also will thank all ministers and county officers to give information as to any such children. The Home will clothe, educate and care for these children, for His sake who loves them. There is not a better home in Kentucky. Write at once to Dr. Edward O. Guerrant, Wilmore, Ky.
